

2027 Spine Summit

Exhibitor Rules and Regulations

Rules and Regulations

The rules and regulations were created for the best interest of the exhibitors, attendees, and the AANS/CNS Section on Disorders of the Spine & Peripheral Nerves Spine Summit (Spine Summit). It is important that each exhibitor abides by these regulations. Failure to comply with any rule set forth may result in the denial of future participation.

Interpretation of Rules

The following rules and regulations are part of the contract between the exhibitor and the AANS/CNS Section on Disorders of the Spine and Peripheral Nerves (the Association). The Association shall have full power in the interpretation and enforcement of rules and regulations governing exhibitors. All matters not covered in these rules and regulations shall be referred to the Association for adjudication and the decision of the Association shall be final. These rules and regulations may be amended at any time by the Association and all the amendments so made shall be binding upon the exhibitor equally with these rules and regulations, and shall become a part thereof, providing the exhibitor is notified of the amendments. Notice may be verbal or in writing, before or during the 2027 Spine Summit and may be given to any authorized agent or representative of the exhibitor.

Purpose of Exhibit

The purpose of the exhibits, an integral part of the 2027 Spine Summit educational activity, is to complement the professional meetings and clinical sessions by enabling registrants to evaluate the latest developments in equipment, supplies, and services presented for use by spine and peripheral nerve surgeons. The Association does not in any manner endorse any of the products or services related to the exhibits that have been accepted for display and sale during the Spine Summit. The Association reserves the right to determine the eligibility of all exhibit space applicants.

Product Sales/Solicitation of Orders

The sale of products and services is allowed on the exhibit floor provided such sales are conducted in a professional, business-like manner, in accordance with AANS/CNS Section on Disorders of the Spine and Peripheral Nerve guidelines, and the exhibitor complies with all state and local tax regulations. No signage or advertising of product pricing will be allowed. The Association reserves the right to restrict sales activities it deems inappropriate or unprofessional.

Market Research

Market research can only be conducted by firms hired by a 2027 Spine Summit exhibitor. With its application for exhibit space, the research company must submit a letter of authorization from its sponsoring company a list of all premiums proposed for distribution. Market research booths must remain open and staffed throughout the Spine Summit. All interviews must be conducted within the confines of the booth space—soliciting registrants in the aisles is prohibited. Violations assessed against exhibiting market research companies may also be applied to the sponsoring company.

Exhibit Booth Assignment

Payment in full is due by September 1st, 2026. Submission of an application does not guarantee booth assignments. Booths will be allocated on the following basis: 1. Priority points earned for previous five (5) Meetings, 2. Number of booths requested, 3. Date of receipt of application, 4. Space availability 5. Proximity of competitor companies on the exhibit floor. Exhibitors earn one priority point for each 10' x 10' booth occupied in the last five years and well as sponsorships spend for the current year. If an exhibitor fails to participate in the meeting in any given year, priority points will be forfeited. Companies that have merged with, been purchased by, or have purchased another company may use the exhibit history from either company, but not the combined history of both companies. The Association should be notified in writing that the acquisition or merger between companies has been completed and indicate date of completion. If two or more

companies request adjacent booth space, or if two or more companies' co-market a product at one booth, exhibit space assignment will be made by averaging the co-marketing companies' points.

Space Relocation

The Association reserves the right to change the exhibit floor plan if conflicts arise regarding space requests or conditions that are beyond the Association's control. The Association reserves the right to relocate exhibitor demonstrating loud apparatus or conducting odor-producing activities in Association reserves the right to determine at what point sound or odor interferes with others and must be discontinued. The Association reserves the right to relocate an exhibitor at any time with the understanding that if the exhibitor doesn't they run risk of removal from the Exhibit Hall without notice and without obligation on the part of the AANS/CNS Section on Disorders of the Spine and Peripheral Nerves for any refund. The Association reserves the right to expel or refuse admittance to any representative whose conduct is, in its opinion, not in keeping with the character and/ or spirit of the Spine Summit. Exhibit personnel may not enter another exhibitor's booth without obtaining permission. Lingering in the aisles surrounding another exhibitor's booth for the purpose of obtaining product information or distracting booth personnel is strictly prohibited and may be cause for expulsion. Exhibitors may not sell any food or beverage on the exhibit floor without prior permission from show management. Distribution of any literature outside of an exhibitor's own space is prohibited. No procedures may be performed on any live tissue on the exhibit floor. Exhibitors may not leave their booth unattended for an extended period of time. Exhibitors are not permitted to dismantle prior to the end of the show. Dismantle prior to this time will result in the loss of current year priority points.

Booth Space Reductions or Cancellations

All requests for cancellation of space must be received in writing to pswift@conventusmedia.com. If space is reduced, the net reduction of space will be treated as a cancellation of space. If Show Management receives a written request for cancellation of space on or before June 15, 2026 the exhibitor will be liable for 50% of the total cost of space canceled. There are no refunds for cancellations after June 15, 2026. All exhibits must be confined to the spatial limits of their respective booth(s) as indicated on the floor plan and all equipment, products, or materials to be shown or demonstrated must be placed within the exhibitor's contracted exhibit space in order to ensure attendees viewing the exhibit will stand within said space, not in the aisles. All exposed parts of displays must be finished so as to present an attractive appearance when viewed from the aisles or from adjoining exhibits.
